Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. An engaging look at the road to a sustained economic recovery The global finance system can be regulated to prevent massive credit fraud, tame capitalism, confront the sovereign debt crisis, and move towards investing in the real economy and full employment. Obamanomics, and American reinvention can lead to a sustained economic recovery but only together with major domestic, European, and global monetary reforms in cooperation with emerging nations. Highlights America's Great Bluff bail-out strategy to cope with the crisis and the reforms Obamanomics must make to bring about sustainable job recovery Describes the risks and rewards of borrowing from future generations in the United States, Europe, and the developing world to save the current generation Details how money became separated from government control and why the interbanking credit system threatens western nations with bankruptcy, undermining pensions, and the human right to work Points out why nation-states need to go back to helping themselves and not rely on the false promises of regional integration and globalization Shows how legalizing underground labor will create more jobs How we...
