It was a bold, life-changing decision when award-winning investigative journalist M. William Phelps asked one of America's most disturbing convicted serial killers to co-star with him on TV's Dark Minds. Now Phelps reveals the identity of the man code-named Raven --and tells the story of their intriguing bond. For as Raven shared his insights into the minds and crimes of other killers, making the series an international sensation, he also became Phelps's unlikely confidante, ally--and friend . . . Here is an unforgettable journey into the heart of a psychopath few would dare to know--and the determined journalist who did just that.
