## INTRODUCTION TO HUMAN ANATOMY AND PHYSIOLOGY (PAPERBACK)

Elsevier - Health Sciences Division, United States, 2016. Paperback. Condition: New. 4th Revised edition. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. This easy-to-read textbook introduces you to the human body as a living, functioning organism. You ll discover exactly what happens when normal body functions are upset by disease, and see how the body works to restore a state of balance and health. Concrete examples from everyday life help you understand how anatomy and physiology concepts relate to the real world - for example, suntan and sunburn help you understand melanin and pigment cells. Material is presented in 17 self-contained chapters, each exploring a particular aspect of body function. This updated third edition is now easier to use than ever, featuring new, visually-appealing artwork and new Tools for Learning, including easy-to-spot learning objectives and review questions at the end of major sections in each chapter.UNIQUE! Tools for Learning pedagogical approach ties together learning objectives, Quiz Yourself boxes, and chapter summaries to help summarize key material, identify important topics, and seamlessly test your comprehension as you work through the text. UNIQUE! Concept-statement headings and subheadings, clearly visible throughout the text, transform simple descriptions into key ideas that you should learn in each section of content. Need-to-know information includes only basic anatomy and physiology content to avoid causing confusion.Chapter outlines at the beginning of each chapter provide a brief synopsis of the chapter and act as a guide for you to prioritize topics.Learning objectives appear after main headings;½to help you concentrate on important information.Chapter summaries;½illustrate how the topics covered in each chapter support the learning objectives.Quiz Yourself boxes at the end of each major section;½reinforce information as it is learned, measure mastery of...
