Your Ultimate 101 Pinterest Guide Have you ever. Wondered what Pinterest is? Do you dream of an unlimited supply of Customers? Did you know Pinterest can be a big part of your free Marketing with Great results? Would you like to know how to use Pinterest to grow your business? Pinterest is an online visual bulletin board. It is a relatively new social sharing website that is sweeping the nation. You choose an image that you like and pin it on a board that you name. From fitness to food, to photography and art, there are unlimited possibilities with Pinterest. What seems like a simple concept is simply addictive. All the things that you would traditionally cut out from a magazine or print off the internet are no longer necessary. The days of cutting pictures from a magazine, articles, and recipes are long gone. You can pin any image to a board on your Pinterest account. You can follow other people's boards, you can follow friends' boards, friends can follow you, it's a lot like facebook and twitter in that respect to sharing and amplification of what you are posting. Given the right social media strategy and implementation, Pinterest may actually offer any business more referral traffic than Twitter, and perhaps generate more leads than LinkedIn, Google+ and YouTube combined. It may even have the power to convert more fans into paying customers who will easily share your content with their friends. Here is a preview of what you will learn. - What is Pinterest? - Is Pinterest the New Social Media King? - Attracting followers on Pinterest - Pinterest for Business and Marketing And Much,...
