Partridge India, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The interface between the individual and what constitutes his world is formed by a nexus of cosmic forces of graded subtlety. Understanding these forces and energies opens up a whole field of tangibly realizable possibilities. The book attempts to ignite a spark that illuminates the fact that the spiritual goal cannot be attained by suppression or a denial of your desires and passions. That we need to rise above violent labelling of power, desire, and money as evil and identify the real evil within as a lack of awareness of the energy field and its role as a bridge between matter and spirit. The book borrows on the quotations of ancient and modern physicists, metaphysicists, sages, philosophers, and poets and blends their words with some personal reflections based on experience. The intent at all times being to share perspectives that embrace the spiritual potential in material and the material possibilities of the spiritual journey. The book celebrates the oneness of spirit and matter through these quotes, which have been compartmentalized into chapters that inform, educate, or gently hint at this oneness and harmony, which holds the disparate cosmic components together as a seamless whole.
