Readers want to know what blockchain revolution, cryptocurrency technologies, smart contracts, and cryptocurrency investing are, and to determine whether it is a good way to increase passive income. The internet is overloaded with information, which does not help to understand the subject. Instead, it confuses the newbies who are interested in a clear cryptocurrency coin guide. If you have ever asked questions such as: What are Blockchain and CryptocurrenciesHow does it workHow can you earn money with cryptocurrencyHow can you save money, and invest efficientlyWhat is a real value of the Bitcoinyou have found the book you need. Why This Book Is DifferentThis book was written by a professional financier and professional trader. During Scott S. Bergmanns years as a financial consultant, he was witness to the financial markets ups and downs. Although Bitcoin was invented in 2008, and cryptocurrency technologies have only recently begun to emerge, the laws of the traditional market are not alien to...
