Dover Publications Inc., United States, 1972. Paperback. Condition: New. Language: English . Brand New Book. The volume presents two book by Walter Giesecking, foremost pianist of his generation, and his teacher for five years, Karl Leimer, that have long been sought after by students and teachers looking for a radical approach toward developing not only finger-technique but expression-technique. Emphasis throughout is on listening to one s self and proper understanding as the basis of proper technique for the piano. Following are further exercises and practices for developing other pianistic technique with reference to works of other composers. Specific exercises which cover rhythmics, dynamics, and phrasing are designed so that they will benefit not only the pianist but also performers on other instruments. Extensive chapters on variety of touch and the pedal give a great number of techniques and exercises...
