

Global Wireless Spiderweb: The Invisible Threat Posed by Wireless Radiation (Paperback)

By Vikas Nehru

Partridge India, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We are increasingly exposed to an invisible web of radiation all around us through the wireless devices we love so much. With the advent of cloud computing and the Internet of Things set to launch more than a trillion smart devices, the radiation is only going to get worse. But no one seems to care, and that's a serious mistake, according to Vikas Nehru, a surgeon by education and training. In this eye-opening book, he breaks down the dire implications of a paradigm shift that has changed invention from a child of necessity to a mother of greed. In easy-to-understand language, he explains what science tells us about the web of radiation: We are seeing more brain tumors, higher incidences of infertility, more cases of electro-hypersensitivity, and numerous other disorders. Even more concerning, radiation is damaging human DNA. Meanwhile, huge corporations continue to fund their own studies offering a false counter-narrative to make people feel safe. They also employ lobbyists to deflect attention from public health to what's in their own best interests. Discover the extent of the problem, and...

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
