Nifi/National Issues Forum Institute, 2018. Paperback. Condition: New. Language: English . Brand New Book. The immigration issue affects virtually every American, directly or indirectly, often in deeply personal ways. This guide is designed to help people deliberate together about how we should approach the issue. The three options presented here reflect different ways of understanding what is at stake and force us to think about what matters most to us when we face difficult problems that involve all of us and that do not have perfect solutions. This issue guide presents the following three options for deliberation: Option 1: Welcome Immigrants, Be a Beacon of Freedom This option says that immigration has helped make America what it is today- a dynamic and diverse culture, an engine of the global economy, and a beacon of freedom around the world. Option 2: Enforce the Law, Be Fair to Those Who Follow the Rules This option says we need a fair system, where the rules are clear and, above all, enforced. With an estimated 11 million people living in the country illegally, our current system is unjust and uncontrolled. Option 3: Slow Down and Rebuild Our Common Bonds This option recognizes that newcomers have strengthened American culture in the past. But the current levels of immigration are so high, and the country is now so diverse, that we must regain our sense of national purpose and identity.
