

Old Dogs, New Math: Homework Help for Puzzled Parents (Paperback)

By Mike Askew

Experiment, United States, 2010. Paperback. Condition: New. Revised. Language: English . Brand New Book. Perfect for parents who want to understand the different methods to do arithmetic their children are learning--and why they are being taught that way. --Keith Devlin, award-winning Stanford University mathematician Can you help me with my math homework? If this question fills you with fear (or even panic), then Old Dogs, New Math is here to help! Gone are the days when elementary school students simply memorized their times tables and struggled through long division. Today, students are expected not just to find the right answer, but also to use the best method--and to explain why it works. If your attempts to help your child are met with That s not how the teacher does it, then it s time to take the stress out of math homework. Old Dogs, New Math demystifies Common Core math for parents, including: Number lines, place value and negative numbersLong multiplication and divisionFractions, percentages and decimalsShapes, symmetry and anglesData analysis, probability and chanceComplete with sample questions, examples of children s errors, and over 25 games and activities, Old Dogs, New Math will not only help you and your child subtract...
