A must read for anyone who wants to know about the existence of God. What topics will this book cover? Brief history of Philosophy in the Muslim world. How to understand and apply logic -eg Can God make a stone He cant lift? Arguments for the Existence of God, including the Cosmological, Ontological, Teleological and Moral Argument. Arguments against the Existence of God including evolution, moral objections and classical paradoxes. Epicurean paradox and The problem of Evil. - If God is good, why is there Evil? Euthyphro dilemma. Is good loved by God because it is good, or is it good because it is loved by God? + Much more. This book analyses the evidence for and against the existence of God. It initially deals with the types of arguments and forms of logic that are commonly used in discussions about God, equipping the reader with the tools necessary to properly examine the debates and points put forward by atheists and theists. The arguments both for and against God are then thoroughly evaluated, explaining how sound or rational they are, the scope...
